Work Coordination Meeting 1/2023 of Central Committee on Implementing Development of Border Areas and National Races Held

The Chairman of the State Administration Council (SAC) Prime Minister Senior General Min Aung Hlaing, who is serving as the Chairman of the Central Committee on Implementing Development of Border Areas and National Races, attended the work coordination meeting 1/2023 of the central committee which was held on 5 May. During the meeting, the Prime Minister delivered remarks as follows:

- The State Law and Order Restoration Council first established the central committee with five members on 25 May 1989. During the tenure of the SAC government, it reformed the central committee with 22 members, and work committee with 37 members to develop the border areas with added momentum.
- Peace and stability are crucial in striving for the development of border regions. Peace and stability are based on national unity.
- Since its establishment, the State Administration Council has been emphasizing the prosperity of the State and food security, the socioeconomic development of the entire people, restoration of perpetual peace, and secure and smooth transport of the entire Union.
- Moreover, the SAC has been giving priority to the socio-economic infrastructures and human resources development programs for progress of education, health, transport and communication, agriculture and livestock, and economic sectors which are included in the border

area development task, and also the counternarcotic programs.

- The development of the nation depends on the enhancement of education qualifications. The government should pay attention to the education promotion of all national races to reach the minimum KG+9 target for all school age children.
- Efforts should be made to ensure sufficiency of basic food items and to produce farming-based value-added goods to support regional progress. All should strive to improve quality and increase quantity of goods.
- Further efforts must be made to implement micro, small and medium-size hydropower generation projects rather than now in respective regions that will contribute to socio-economic development.
- It can be learnt that there are still many sectors in which several further tasks must be carried out for socio-economic development of border areas where our national brethren and the people reside.
- An emphasis is being placed on the development of human resources for youths from border regions. In this regard, 47 border youth development training schools are training 33,007 students and arrange them to continue learning in higher education and vocational schools. The University for Development of the National Races of the Union produces 14,058 students at different levels of degrees as well as teachership diplomas up to the 2022-23 fiscal year. Nationalities Youth Resources Development Degree Colleges in Yangon and Sagaing turned out 4,701 students.
- In the vocational education sector, nine technical training schools have nurtured 6,077 trainees up to 2022-2023 fiscal year, and jobs have been created for them. Moreover, 47 vocational training centres for women have trained 95,022 trainees, who have joined the workplace respectively.
- Everybody needs to specially take care of restoring peace and stability and national unity in the entire nation through undertakings of border region development which is essential for building the Union based on democracy and federalism that the entire people inspire.
- The door of peace is always open to eth-

nic organizations which have not reached the peace talks yet without any pre-restrictions.

Afterwards, Central Committee Secretary Union Minister for Border Affairs and central committee members reported on the implementation of development tasks of border regions and national races, and future tasks for respective sectors.

Later, the Vice-Chairman of the Central Committee the SAC Vice-Chairman Deputy Prime Minister exhorted the responsible officials to effectively take action, act to ensure development among the ethnic peoples without gap, and carry out regional development tasks through ensuring development of MSMEs.

After hearing the reports, the SAC Chairman Prime Minister stressed the following points:

- It is necessary to give priority to make education infrastructure better in border areas and to cooperate with the relevant ministry to fulfill the need of teaching aids and staff.

- As communications is important for border areas, it is compulsory to ensure that the areas will have access to communications.
- It is also necessary to successfully operate MSMEs and agriculture and livestock businesses as well as to ensure growth in manufacturing products.
- Development of border areas and peace and stability are interrelated. Development cannot be achieved in the regions having no peace and rule of law, and it is to be aware that there will be no peace for long term without any development.
- Border areas are wide but their population density is low. Roads and communications were expanded much in those areas as they have difficulties in communicating with others residing in mainland.
- It is learnt that in cooperating with international organizations and countries for development of border areas, tasks for building infrastructure and ensuring human resources development in border

areas are being effectively carried out with the foreign assisted funds including those from India and China.

Also present were SAC Vice-Chairman Deputy Prime Minister Vice-Senior General Soe Win, SAC members and deputy prime ministers, deputy prime minister and union minister, SAC members, Chief of General Staff (Army, Navy and Air) General Maung Maung Aye, senior military officers from the Office of the Commander-in-Chief, dep-

uty ministers and officials. Region/state chief ministers attended the meeting through videoconferencing.

SAC Vice Chairman Deputy Prime Minister Vice-Senior General Soe Win Delivers Addresses at Ceremony to Mark 77th Anniversary of Myanmar Fire Brigade Day

The ceremony to mark the 77th Anniversary of Myanmar Fire Brigade Day was held at the Myanmar International Convention Centre-II in Nay Pyi Taw on 5 May with an address by Vice Chairman of the State Administration Council Deputy Prime Minister Vice-Senior General Soe Win. In the address, Vice-Senior General stressed the following points –

- First, the Vice-Senior General said he honoured all fire fighters steadfastly serving their duties on fire security of the people, prevention of natural disasters, search and rescue as well as public welfare tasks as public service at full capacity during the 77 years period.
- The First Volunteer Fire Brigade Conference was held with participation of 197 representatives from 19 districts at the Zeenat Islamic school for the girls in Kandawgale of Yangon on 5 May, Sunday, 1946.
- In his address at the conference, General Aung San said that ‘duty of firefighters is very noble in important disciplines.

Heroes emerged in armies and so do heroes emerge in firefighting measures. Those hero firefighters are very noble as they make sacrifices without fighting others’.

- During the 10-year-period from 2013 to 2022, a total of 18,336 times of fire broke out in the country, losing more than Ks-155 billion worth of property, according to the records of the Department of Fire Services.
- More than 1,800 times of fire broke out in the entire nation on an average yearly and it lost some Ks-15 billion per year.
- It is necessary to raise public awareness for taking care of danger of fire and making fire preventive measures in order to reduce the frequency of and loss and damage in the fire outbreaks.
- Firefighting measures need to make sacrifice of life and limbs. Those firefighters need to take repeated trainings for having sufficient skills in order to minimize sacrifice in their duties.
- The fire brigade is a colourless organiza-

tion when it comes to politics because they have been serving the best interests of the State and the people at risk of their lives since its inception.

- The State is also presenting them with titles and medals for their gallantry and achievements in the tasks of extinguishing fire as well as search and rescue missions for the interests of the State and the people in successive eras.
- From 1952 to date, 356 firefighters have been awarded medals—one Union silver medalist, three Independence Mawgun members, 10 honorary certificate holders, one Thray Sithu title recipient, five Wunna Kyaw Htin title recipients, 10 industrial economic outstanding award winners, 23 management outstanding award winners, 36 social outstanding award winners, three Thiha Bala medalists, one Ye Thiha medalist, 16 Ye Thura medalists, 55 Ye Bala medalists, 72 Ye Thurein medalists, 75 Ye Kyaw Swa medalists and 45 Ye Kyaw Thu medalists.
- It is necessary for them to constantly study and learn about the international firefighting measures which are always changing and then make an effort to be able to use them again for our own citizens.
- It is necessary to realize that striving for high performance of individual is promoting the honor of the entire force.
- They need to be complacent and not needy to serve in fire safety work and search and rescue activities for their citizens.

Firefighters, Next, the Vice- Senior Gen-

eral presented honors and awards to U Tun Shwe (aged 90), a famous singer who sang the song "Beware of Fire", Auxiliary fire brigade company commander U Wan Thaug (aged 94) and retired soldier and firefighter Sergeant U Tun Kyi (aged 92) from Paungde Township auxiliary fire brigade who are volunteering firefighting activities in Bago Region. After that, the Union Minister for Home Affairs presented awards and honorariums to the retired fire brigade officers and their family members who were awarded honorary titles by the SAC.

After that, the Vice-Senior General along with the participants of the ceremony toured the display of the antique fire vehicles and modern fire vehicles/equipment, Myanmar Entrepreneurship and Micro, Small and Medium Enterprise (MSME) that manufacture fire safety equipment locally and fire equipment from import and distribution companies displayed in the Fire Services Department's gallery. Afterwards, the Vice- Senior General and members inspected the fire trucks of all ages displayed in front of the hall. In the evening, the 77th Myanmar Fire Brigade Day honor dinner was held at the Myanmar International Convention Center (MICC-II).

Vice-Chairman of State Administration Council Deputy Prime Minister Vice-Senior General Soe Win addresses National Disaster Management Committee Emergency Meeting

The National Disaster Management Committee held an emergency work coordination meeting at the Ministry of Social Welfare, Relief and Resettlement on 6 May addressed by Committee Chairman Vice Chairman of the State Administration Council Deputy Prime Minister Vice-Senior General Soe Win.

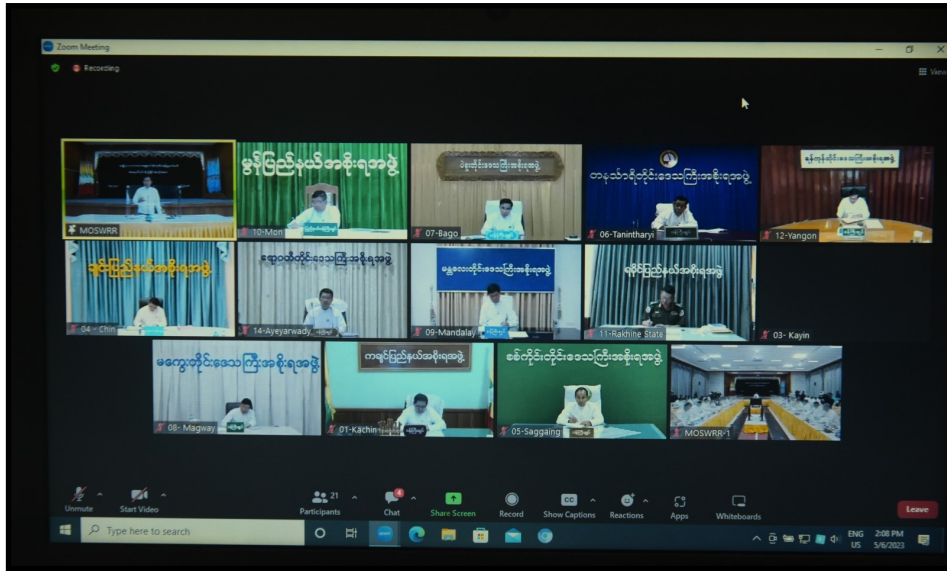

Present at the meeting were Union Ministers, the Nay Pyi Taw Council Chairman, Chief of the General Staff (Army, Navy and Air), Commander-in-Chief (Navy), Commander-in-Chief (Air), senior officers from the Office of the Commander-in-Chief, deputy ministers and officials, while region and state chief ministers attended it through video conferencing.

In his speech, the Vice-Senior General stressed the following points –

- According to European Centre for Medium Range Weather Forecasts (ECMWF), Global Forecast System (GFS) Model and Myanmar's Department of Meteorology and Hydrology, a low pressure area will intensify into a storm and a very powerful cyclone around May 8 in the Bay of Bengal, and

it is likely to enter the buffer zone of Yangon and Ayeyawady regions or the coastal area.

- Preparedness measures need to start now if the cyclone enters Myanmar.
- The information and data relating to the emergency management has already compiled and collected.
- Preparatory measure must be taken in advance to ensure required materials are sufficient and ready for emergency use.
- In this regard, not only National Disaster Management Committee Likewise, but also require cooperation of respective regions and states disaster management committees.
- Moreover, it is necessary to coordinate with volunteers, Tatmadaw members, security forces, departmental staff and the people for all preparations.
- Similarly, township and village wise preparedness measures are required for the people living along the coastal area.
- According to the standing order, the national committee and region/state com-

mittees need to coordinate and share those tasks including preparations before the storms come, procuring materials required for relocation and rehabilitation, communication equipment, foods, health-related matters.

- The Vice-Senior General then invited suggestions from the meeting participants as per the functions of their relevant departments.

Ministers Lt-Gen Soe Htut and Dr Thet Thet Khaing reported on preparations for response, rescue and cooperation if a national disaster befalls. Afterwards, the Vice-Senior General attended to the needs, it is reported.

Vice-Senior General Soe Win Attends Ceremony to Present Myanmar Motion
Picture Academy Awards for 2019, 2020 and 2022**

The Ceremony to present Myanmar Motion Picture Academy Awards for 2019, 2020 and 2022 took place at the open air theatre near the city hall in Nay Pyi Taw on 6 May. The Vice-Chairman of the State Administration Council (SAC) Deputy Prime Minister Vice-Senior General Soe Win attended and delivered remarks at the ceremony.

Present at the event were the wife of the SAC Vice-Chairman Deputy Prime Minister Daw Than Than Nwe, SAC members and wives, union level officials and wives, union ministers and wives, Nay Pyi Taw Council chairman and wife, Chief of General Staff (Army, Navy and Air) General Maung Maung Aye and wife, senior military officers from the Office of the Commander-in-Chief and wives, patrons, chairman and members of Myanmar Motion Picture Organization, Myanmar Press Council chair, chairs and members of Myanmar Theatrical and Music Associations, Myanmar Motion Picture Academy Awards Selection Committee members, intellectuals, intelligentsia and artists of motion picture, literature,

thabin and music fields, officials and distinguished guests.

First, Union Minister for Information and Myanmar Motion Picture Organization Chairman formally opened the ceremony by erecting and formatting an academy award statue through digital mapping. Then, a video clip “from centenary onward” was presented by the Myanmar Radio and Television MRTV and the Information and Public Relations Department in honour of the ceremony.

During the ceremony, the SAC Vice-Chairman Deputy Prime Minister delivered remarks as follows:

- The very first film was made during the period of the independence struggle. So, the age of Myanmar motion picture reached 100 years in 2020, and now it is 103 years.
- It can be seen by all that the government has emphasized the preservation of the national culture and characters. You are all important to achieving this objective.
- Movies are also a part of culture of a

country. If a developing film industry is the national strength, we can imagine the important role of the people of the movie world.

- The movies are made chiefly for entertainment purposes, but they can be used as a soft power to influence the audience with the imposition of opinion, thoughts and ideas particularly in such matters as peace, unity and development. So people of the profession should play their role in collectively striving for development of the race and flourishing of patriotism.
- The government is implementing the two national visions and two nation's objectives and that are the most suitable goals. They are practical and the most important needs for daily lives of the people. Hence, movie artists should lend a helping hand with correct vision and thought and goodwill in the interest of the nation and people.
- Among 97 movies were released in 2019, 21 in 2020 and 20 in 2022, and awards will be presented to the persons who deserve.
- This academy award presentation ceremony marks the revival not only of the film industry but also of the theatre, music and performing arts industries.
- It is not wrong to say that the ceremony is a one that is concerned with all members in the film industry. It is believed that all organizations from film, music, theatre and literature industries will continue to happily and concertedly work energetically in their respective fields as usual after the ceremony.
- All cinema halls in the country were shut down in 2020 due to COVID-19 outbreak across the world.
- Cinema halls have been reopened in accordance with COVID-19 restriction since Myanmar New Year on 17 April, 2022 thanks to efforts of the Ministry of Information, the Myanmar Motion Pictures Organization and film producers.
- As one of the distinctive features of this year's ceremony, not only academy awards but also the best costume award, which is presented in the international film industry, will be conferred on the winners.
- All are urged to continue to serve the interests of the people in accordance with the objective of **“creating films for the people”** out of goodwill for development of the country, the spirit of good citizens who respect the law and the patriotism for the people and the country.
- Similarly, I hope artistes who have not won academy awards will win ones in

the future by enhancing their artistic performance.

- It is known to all that the needs of artistes and media persons have been fulfilled as much as possible during the assumption of duties by the SAC. Plans are also underway to continue to support them.

Afterwards, the winners of the Myanmar Motion Picture Academy Awards for 2019, 2020 and 2022 were announced for individual winners by the famous artists individually. Two Best Cinematography Awards, two Best Film Music Awards, one Best Film Sound Award, two Best Film Editing Awards, one Best Screenplay Award, four Best Myanmar Academy Fashion Awards as a special program, two Best Film Awards, one Best Dress Award, one Best Film Director Award, two Best Supporting Actress

Awards, two Best Supporting Actor Awards, three Best Actress Awards and three Best Actor Awards were presented to respective winners.

The SAC Vice-Chairman Deputy Prime Minister presented best actor awards to the respective winners while the famous academy winners the artists presented the academy award statues to the respective winners who expressed their gratitude.

Later, the SAC Vice-Chairman Deputy Prime Minister and party took a documentary photo together with Academy award-ees, and cordially greeted the intellectuals, intelligentsia and artists of motion picture, literature, theatre and music fields, it is reported.

- **Movies are also a part of culture of a country. If a developing film industry is the national strength, we can imagine the important role of the people of the movie world.**
- **The movies are made chiefly for entertainment purposes, but they can be used as a soft power to influence the audience with the imposition of opinion, thoughts and ideas particularly in such matters as peace, unity and development. So people of the profession should play their role in collectively striving for development of the race and flourishing of patriotism.**

Statement by Major General Zaw Min Tun on Weather Predictions of Possible Cyclonic Storm

The leader of SAC Information Team Maj-Gen. Zaw Min Tun explained current status of possible cyclone and storms, and the preparedness of the Government through the telecommunication as the predictions and reports of possible cyclone in Bay of Bengal causing panic among the public.

The excerpts from the explanation of the SAC Information Team leader Maj-Gen. Zaw Min Tun are as follows –

- According to the weather forecast and reports of Meteorology and Hydrology Department of Myanmar, a low-pressure area may form over the Bay of Bengal and it is likely to intensify into a storm, and it may enter Myanmar on 13 and 14 May.
- All of the weather predictions might alter depending on the time of forecast, forecasting models and data applied. Therefore, Meteorology and Hydrology Department of Myanmar will issue weather reports in timely manner.
- In case the storm land falls, the department will release to public in timely manner the statement of the intensifying levels of storm such as its color-coding scheme of yellow, orange, brown and green.
- The State-run media outlets of Myanmar Radio and Television, Myawady Television, Radio-FMs are broadcasting the timely weather reports and storm warnings released by the Meteorology and Hydrology Department.
- Under the directive of the Prime Minister of the State, Deputy Prime Minister Vice-Senior General Soe Win led the National Disaster Management Committee Emergency Meeting.
- At the meeting, the attendees discussed the four major tasks of natural disaster preparedness: to make necessary preparations and processes before the storms come; to distribute the emergency materials of communication equipment and relief items; if the storm moves to another location, the preparations will benefit

us as training; and the national level preparatory measures. The relevant Ministries, region/ state governments now begin the preparatory measures.

- As the measures of preparedness, 47 cyclone-shelters and 118 disaster-resistant buildings have already been built while 17 others are under construction in the most-likely affected area of Ayeyarwady region.
- As the emergency materials for Search and Rescue-SAR, 59 fibre boats, 2,500 life-jackets, and other necessary items such as life-buoys, water-pumps, and pipes have already been distributed.
- As the national level preparedness, there are 143 storm-resistant buildings and other relief items have also been distributed.
- The Ministry of Social Welfare, Relief and Resettlement will closely monitor

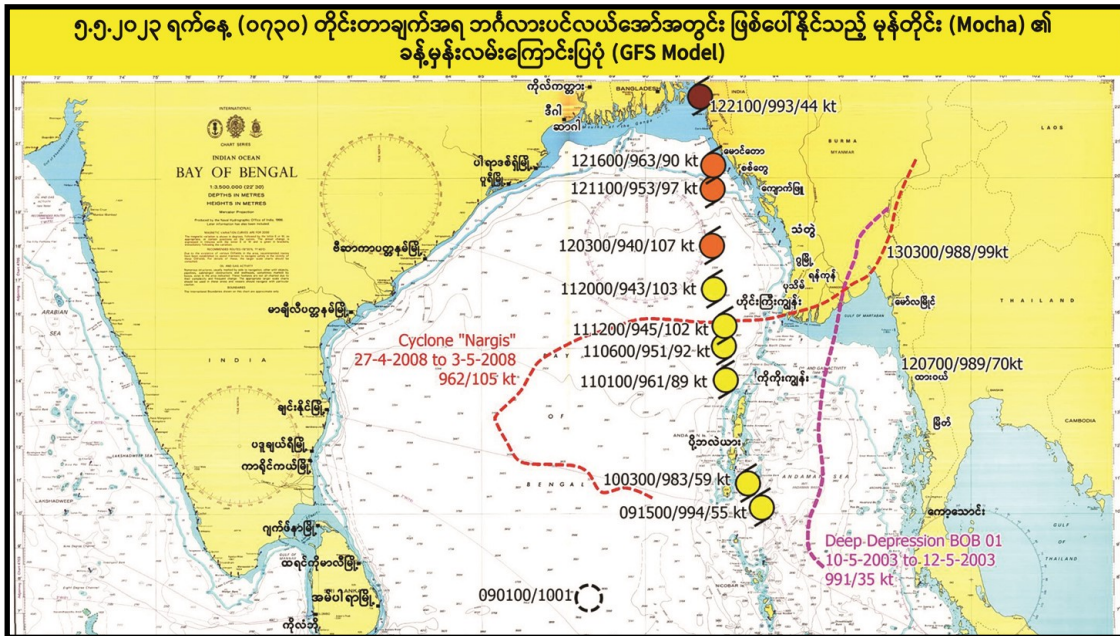

the status of the storm so as to respond promptly by opening the Disaster Management Centre.

- The Meteorology and Hydrology Department of Ministry of Social Welfare, Relief and Resettlement is releasing timely statements and minute warnings regarding the status of the storm, the people are urged to solely rely on the news reports of official media outlets and not to believe the rumours and other misinformation.

The Major General also added that he suggested the people to seriously listen to the timely reports and warnings of the Meteorology and Hydrology Department and the Government is making all-out efforts to ensure the people overcome the natural disaster with least damages and losses.
